Brand New Book ***** Print on Demand *****.So this baby sprouted wings. This isn't the start of a bad joke, it was one of the effects of Sudden Onset Evolution. One night normal people went to bed and the next morning they woke up and had new found abilities and powers. Some died during the change, some are keeping themselves hidden, some started using the abilities for personal gain and a few of them decided to use their powers to stop those that needed stopping. Of these heroes, the greatest group was The Quad, led by Mitosis, a man who could create multiple versions of himself. Mitosis was joined by the human supercomputer Logix, the religious giant Holy Mammoth and the media darling and incredibly powerful Lady Splendid. For years The Quad had captured super villains, ended wars, stopped natural disasters and kept the world safe. But personal relationships gone wrong caused the breakup of The Quad. Logix and Holy Mammoth went off the grid while Lady Splendid decided her celebrity was more important than being a hero. Mitosis went out to join a new group called The Slackers. Joining Mitosis in this new group was Gamer, who creates living video games, NinChick, a young girl with incredible skills and agility and the seemingly impervious Powerful Dude. He was just starting to form a group that could rival The Quad, but then it happened. While trying to stop a new threat their leader Mitosis is put in a coma and a new rash of evil plots started popping up and new dangers presented themselves more and more often. Gamer, NinChick and Powerful Dude do their best to try and wake up...
