Series: Intra-Household Allocation and
the Mental Health of Children:
Structural Estimation Analysis

United States Federal Reserve Board,
Morris A. Davis, E. Michael Foster

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This paper estimates the structural parameters of a dynamic model where parents with one child periodically decide whether or not their child uses various mental health services. In this model, mental health services improve a child s mental health (which parents care about), however, mental health services may be costly to the parents both in terms of utility...
