Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Jewish Quarterly Review, Vol. 4: 1913 1914 Neo-Platonism was the final outcome of Hellenistic philosophy, and it represents in thought the fusion of peoples which characterized the cosmopolitan Graeco-Roman society. Its most distinguished exponent was Plotinus, a Hellenist Egyptian who taught in the third century C. E., but it flourished for 200 years after his time; and it was from this system that in the early Middle Ages philosophical thought made a fresh start among the Arabs. Jewish thinkers thus played an important part in the revival of metaphysics, and found in the last stage of Greek speculation ideas sympathetic to their religious outlook. It is instructive therefore to trace the Jewish elements which were contained in the original amalgam, and more especially to consider the influence on it of the one considerable Jewish Philosopher of the ancient world. Philo-Judaeus, it is generally recognized, was one of the direct forerunners of neo-Platonism, which may be defined as the development of Plato's system in the light of Eastern religious ideas. He it was who in the first century of the common era made fruitful the religious seed which was latent in the Platonic teaching by combining with it Hebraic conceptions, just as he made fruitful the philosophical ideas implicit in Hebraic monotheism by his mastery of Hellenic philosophy.
