

The failure of Mill's qualitative distinction of pleasures

By Thi Thu Huong Dang

GRIN Verlag Dez 2008, 2008. sonst. Bücher. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Essay from the year 2008 in the subject Philosophy - Philosophy of the 19th Century, grade: Not yet graded, LUISS Guido Carli (LUISS Guido Carli), course: Applied Ethics, 28 entries in the bibliography, language: English, abstract: In reply to the standing objection that utilitarianism is a pig philosophy, John Stuart Mill (1806 - 1873) holds that Benthamite utilitarians 'have fully proved their case' (II, 4) by pursuing quantitative hedonism which emphasizes the difference of quantity in pleasures. However, he still aims at taking a 'higher ground, with entire consistency' (II, 4) to defend utilitarianism by introducing his later-called qualitative hedonism that is based on the difference of quality in pleasures in Chapter II of Utilitarianism. In the essay, I argue that Mill's qualitative distinction of pleasures is problematic and inconsistent with hedonism, to which he explicitly commits himself. As a result, instead of providing support for utilitarianism, it causes more problems. 16 pp. Englisch.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- **Prof. Kirk Cruickshank DDS**

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better than never. I found out this book from my dad and i encouraged this pdf to find out.
