

Coffee With Einstein

By Calle, Carlos I.

Duncan Baird, 2008 9781844835713, 2008. Hardcover. Book Condition: New. Dust Jacket Included. NEW hardback in d/w. 144 pages. Foreword by Sir Roger Penrose. Described as a fictional dialogue based on biographical facts, this is a very readable introduction to the man and his work. Carlos Calle is a senior research scientist at Nasa, and the author of Superstrings and Other Things, and Einstein for Dummies. An easy-to-read yet informative introduction to Einstein's theories. You really will feel that you understand it all a little better once you've read it. As with the other books in this series, the author has used Einstein's papers, interviews and letters to synthesise answers to the questions that the author poses, and it works well here.
