If you re like me and enjoy a fast pace with supernatural elements, I think you ll enjoy this book as well- R.Diaz (Amazon Reviewer) The storyline kept me guessing. The characters weren t shallow in the least, they had depth to them that a lot of stories lack. Not once did I find myself getting bored with the writing or the scenarios, Flicker kept me guessing and then, at some points, left me shocked.- My Book Inspired Ramblings Great story! Very original -- author takes you for a ride to where you least expect it. If you like YA and NA, you ll love this one.- Book-Obsessed Mom I felt like this story flowed well and was easily followed. I look forward to reading about where their story takes them next, and if you paranormal romance is your thing, definitely give this one a try:)- Book Bitches Blog My name is Catalina Franklin.
