The challenge before today's evangelicals, and especially those who embrace Reformed theology, is that we should give the Lords Supper the place intended for it by our Lord. Since the night Jesus instituted the Lords Supper, this sacrament has played a central role in the faith and practice of the church. That is why it is odd that so many believers think so little of the Lords Supper. They seldom observe it and assign to it little significance, Phillips writes. They are largely ignorant of the theology poured into and out from it. They derive no assurance, and seek no grace, as they receive from the Lords Table. How remarkable this is! The goal of this booklet is to help readers understand the biblical institution of this sacrament, the theological issues surrounding it, and the pastoral considerations for administering and receiving it. Basics of the Faith booklets introduce readers to basic Reformed doctrine and practice. On issues of church government and practice they reflect that framework—otherwise they are suitable for all church situations. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
