Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Mastering Fundamentals in a Musical Context Fundamentals of Music provides a clear and comprehensive approach to mastering the language of music. The authors invite students to create composition projects, develop aural skills through listening exercises, and analyze musical examples from various styles and genres. With two new authors, this text has been thoroughly revised and expanded, yet maintains the intent of its original author Earl Henry.
