ELECTRONIC TECHNOLOGY AND SKILLS

DOWNLOAD

To get **electronic technology and skills** eBook, make sure you refer to the link beneath and download the file or get access to additional information which might be relevant to ELECTRONIC TECHNOLOGY AND SKILLS book.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 193 Publisher: Southwest Normal University Press Pub. Date :2010-07. The material according to the latest secondary vocational schools and skills-based electronic technology curriculum requires preparation. The book is divided into two parts to - analog electronics. digital electronics. a total of 13 projects. mainly on the diodes. transistors. flip-flop. the logic circuit. crystal illustrates tube. digital-analog and analog-digital conversion and other applications from the foundation to fully explained. The book according to the characteristics of vocational education. using the project structure to write. to learn each project supported by the project evaluation. review of knowledge. thinking and practice. etc. not only focus on theoretical knowledge. but also highlight the skills training. and practical. Contents: Project a diode and its application tasks and the characteristics of a diode rectifier circuit and the classification task two application tasks three types of filter circuit training tasks and applications rectifier filter circuit test knowledge recall thinking and practice the transistor and amplifier project based tasks a transistor amplifier circuit. and application tasks two composition tasks three amplifier circuit analysis Task 4 amplifier quiescent point of the stability of the task over five stage amplifier circuit knowledge thinking and practice review project three common tasks an integrated op-amp amplifier task two low-frequency power amplifier tasks three field-effect transistor amplifier training task mission four resonant amplifier circuit audio amplifier review installation and commissioning of knowledge and practice thinking project four tasks an integrated DC power supply power supply switching power supply mission two three-terminal integrated training task can be adjust regulator DC power supply consisting of the assembly and commissioning thinking and practice of knowledge review project five tasks a sine wave oscillator...
