THE CULTURE OF CONNECTIVITY: A CRITICAL HISTORY OF SOCIAL MEDIA

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW PRINT ON DEMAND., The Culture of Connectivity: A Critical History of Social Media, Jose van Dijck, Social media has come to deeply penetrate our lives: Facebook, YouTube, Twitter and many other platforms define many of our daily habits of communication and creative production. Reconstructing the premises on which these platforms are built, this study highlights how norms for online interaction and communication gradually changed. "Sharing," "friending," "liking," "following," "trending," and "favoriting" have come to denote online practices imbued with specific technological and economic meanings. This...
